

SLAVE PALLET SPW943 5 ft. LD3

The slave pallet SPW943 is a flexible transport unit consisting of a frame with non-driven conveyor rollers which makes transport possible in 2 directions. Combined with a heavy duty fork-lift truck, the SPW943 can be used to transport, to store and to build up or break down LD3 containers. Because of its flexible character, slave pallets are very suitable to expand existing systems temporarily.
